SALE #2 - CLOSING DATE JUNE 14, 1994

## MAIL BID SALE #2

CHRIS McCAWLEY - BOB GRELLMAN

JUNE 14, 1994

This is our second mail bid only sale. The closing date is June 14th. We will accept mail, fax or phone bids up through that date. Please call Bob at 407-321-6747 for further descriptions or to place phone bids. Bids may be faxed to 407-321-5138 or mailed to P.O. Box 951988 Lake Mary, FL, 33795. We will have the coins available for viewing at the June 2-5 Long Beach, CA Convention. Remember this sale is mail bid only. All other rules will remain as with our regular sales.

1.1722 ROSA AMERICANA PENNY F12. Sharpness F15 but dk olive with traces of microscopic granularity. There is a small crescent-shaped planchet void in the field before the throat. Type with a rosette after the date. Vlack #9, Breen 115. See the "Redbook" page 21.

2.1723 WOOD'S HIBERNIA FARTHING F12+. Close to F15. Nice glossy choc brn. Variety with 10 harpstrings. Vlack 19, Breen 177. See the "Pedbook" page 23.

3. 1723 WOOD'S HIBERNIA HALFPENNY F15. Sharpness VF10 but dk steel with lightly granular surfaces. Variety with 12 harpstrings, and the P's are from corrected B's. Called very rare by Breen. Vlack 14, Breen 158. See the "Pedbook" page 24.

4.1760 VOCE POPULI HALFPENNY VF20. Choice glossy choc brn. Breen 226, Nelson 2, Zelinka 4-B. A bit softly struck in the centers, but clearly better struck than the Norweb example and the Breen plate coin. A choice example. See the "Redbook" pages 28-29. Though the date appears similar to the pseudo "1700" N-6 variety listed in the Redbook, this is the more common N-2. (PHOTO)

5.1767 FRENCH COLONIES SOU VG8. Sharpness slightly better with some minor planchet roughness. Med tan with some dk olive in protected areas. Not counterstamped. Much scarcer than the "RF" counterstamped examples. See the "Redbook" page 32.

JUNE 14, 1994

10. 1791 C-1 R3+ VG8. Sharpness F12 with uniform microscopic granularity on both sides. Dk olive and steel. Breen state II with the central ree bulged outward but much of "HALF CENT" is still visible. Struck on a planchet with blundered edge lettering. The edge lettering was applied at least two times the second impression well offset from the first. A decent example of the rarest 1793 half cent variety. (PHOTO)

I don't think so. I think the two parts of the design or device were substantially misaligned

OR SUPPAGS

EREPN

11. 1794 C-2a R2 VF20. Sharpness VF25 with a shallow low spot on the rev affecting STAT and wreath below extending down to T in CENT. This low spot was caused by some foreign matter adhering to the planchet or die as the piece was being struck. Nice glossy choc brn and choice except for a small reddish spot of microscopic porosity on the 4. Breen state IV. An attractive 1794. Ex Roger Cohen:12. (photo)

12. 1794 C-4 R3 VG7. Sharpness F12 with some striking weakness K12-1 obv and the corresponding areas of the rev. Black & tan color. Surfaces minutely granular. Br state VII.

13. 1795 C-1 R2 G5. Sharpness VG evenly granular steel brown surfaces. No detracting marks. Breen I Lettered edge.

14. 1797 C-1 F1 VF20. Med brn asmall rim. After the date a sp1 rim nicks are F7 & F10. EDS Breen I with no sign of cracks or swelling and full dentils both sides. A scarcer die state.
15. 1803 C-2 R1 VG6. VGS Glossy chocolate brown. Some faint pinscratches. Early die state Br. I With full dentils both sides.
16. 1803 C-2 F1 G6. VGS glossy light brown. Del rimview bumps. Date die state Br. VII. No rev cracks.
17. 1803 C-2 F4 VG6. Sharpness VGS or a bit better with some moderate corrosion on both sides. Lk choc and steel. Breen state V. Ex Early Copper Auction #91495.
18. 1803 C-4 R2 G6. Sharpness a bit better but slightly bent. Strong gloss, choc brn. Breen state II With the rev rotated 30° CW.
19. 1803 C-4 F2 G5. Med Brn. Early state Br. II.
20. 1804 C-3 F1 VF35. Glossy choc brn with traces of very faded mint color on the rev. A very nice, nearly choice example of the popular spiked chin variety. Breen state III.
21. 1804 C-6 R2 VG8. Sharpness F15 but dk steel with slightly rough surfaces. Breen state XII. Braig 7-0.
22. 1804 C-6 F1 F15. Sharpness VF15 but recolored glossy tan with some dk steel overtones. The spiky chin is clear. Breen state III late.
23. 1804 C-9 R2 VF20. VF20+ Glossy brown. A bit of crud in field K9 a few handling marks. Early state of Br. III.
24. 1804 C-15 R1 F12. Sharpness at least F15 with a rim nick behind the hair ribbon. Recolored blue steel with some artificial red on the rev. DS.
25. 1806 C-1 F1 VG10+. Sharpness F15 with some fine hairline scratches on both sides. Med brn and tan. Breen state IV.
26. 1806 C-1 R1 G5. Choc brn. Tiny nicks on both sides. LDS with rev rotated 30° CCW.
27. 1809 C-2 #3 VF10. Sharpness near F12 with some minor contact marks on both sides. Expertly recolored glossy choc brn. Latest die state with a strong clear rim cud over F-A, a state missing in the Cohen sale and not pictured in the Breen book. An important half cent. *DNH*  
*In cents only - OK, but not super premium*
28. 1825 C-2 R1 VG10. Recolored glossy lt olive and tan. Breen state III.
29. 1826 C-1 R1 VG10. Sharpness F12 with two short scratches at star. Med brn & olive. Breen state IT.

JUNE 14, 1994

## 1799/8 OVERDATE

50. 1799 S-148 R4 G6. Sharpness F12 but dk steel with uniformly granular surfaces. The 1799/8 date is full and the overdate is clear, as is the entire rev. An acceptable example of the rarest date in the entire series. (MUDS).

51. 1800 S-245 R4 G4. Sharpness VG8 or a bit better with dk ltly corroded surfaces. Matte very dk steel.

52. 1801 S-211 R3 VG8. Sharpness at least VG10 with a small rim dent at Y in LIBERTY and some lt porosity on the upper portion of the rev. MDS with the lower obv and upper rev a bit softly struck. Dk brn.

53. 1802 S-213 R2 VG10. Sharpness VF20 with some hairline scratches on the portrait and some small rim bumps on both sides. Recolored reddish choc brn with microscopically porous surfaces. LDS with a strong cud below the date. Not as bad as it sounds.

54. 1802 S-228 R2 G5+. Choc brn with med brn high-lights. EDS. The 1 is like 1801.

55. 1802 S-234 P3 VGR. Sharpness VF25 but the obv is porous, the rev less so. Recolored dk choc & steel. MDS.

56. 1803 S-254 P2 F15. Sharpness VF25 with a streak of shallow planchet voids (as made) across the leaves below STATES. Lightly cleaned with golden tan highlights over olive steel toning. Good candidate for a proper recoloring. EDS.

57. 1803 S-256 R3 F12. Sharpness F15 with some minor nicks on the obv and a pair of lt rim bumps on the rev. Glossy dk choc. MDS.

58. 1803 S-158 R1 G9. Glossy dk choc. LDS.

## MAIL BID SALE #2

CHRIS McCAWLEY - BOB GRELLMAN

JUNE 14, 1994

59. 1803 S-263 R3 G6+. Glossy med brn. Latest die state with the strong rim cud below the date and the rev crack very strong.

60. 1803 S-265 R4 G4. Sharpness a bit better with some lt rim bumps. Glossy choc brn. MDS with die sinking at STAT. The large date large fraction 1803.

61. 1805 S-267 R1 VG10. Glossy chocolate brown. Small rim mark repaired at K11 obverse. Choice color.

62. 1805 S-267 R1 F15. Sharpness VF30 or a bit better but dk steel with granular surfaces. There is a pit or small planchet chip behind the lowest curls. MDS with a clear double profile on the chin and lips, first I've seen struck this way. (PHOTO).

63. 1805 S-269 R1 VG8. Sharpness VF25 but uniformly porous. Med steel brn. MDS. Not as bad as it sounds.

64. 1806 S-270 R1 G4. Med choc brown. Problem free.

65. 1807 S-271 R1 VG10. Glossy choc brn with 1ter brn highlights. There is a minor rim bump below the 1 and another below the fraction. MDS, Iskra state II, with the comet break visible but not yet strong.
